

Beyond the Half Mile:

***Authentic stories from the men of professional wagon racing,
written by Women of the Wagons.***

The much anticipated book "Beyond the Half Mile" is now available for purchase at select retail locations. Beyond the Half Mile is a book that was created by a volunteer group referred to as the Women of the Wagons in order to provide a unique opportunity to read first-hand accounts of the trials and triumphs of the chuckwagon community.

Enjoy the personal family photos and little known facts about these cowboys and their lifestyle; cowboys who all have the same dream - to go down in the history books as a champion!

Read humorous, heart-warming, and often passionate accounts of what it means to be a wagon driver. These stories provide unique perspectives on what it is like to be a part of the chuckwagon community. Through the words of the drivers, their families, outriders, barn crew, and supporters, you will experience the highs and lows of a sport that has captivated millions of viewers.

The book is dedicated to the countless number of individuals who have supported, promoted and participated in chuckwagon racing throughout our sport's rich eight even year history. The drivers of the WPCA have offered a rare glimpse into their lives "Beyond the Half Mile" in order to support the World Professional; Chuckwagon Benevolent Fund. Thank you for supporting these individuals who have dedicated their lives to the sport of professional chuckwagon racing.
